the first Twilight Recital for 2010

Illara

Featuring music for saxophone, piano, bass and drums
together with visual art works

All compositions by Stephen O'Connell

In Winter 2008 and Spring 2009 fourteen artists travelled to Luritja Country in Central Australia and stayed at a sacred Aboriginal site known as Illara Waterhole.

They created visual works and music of great beauty and spirituality. This concert and art installation presents the art and music inspired by the beautiful Illara Waterhole.
